

STEEL WINDOW FITTINGS

# BP85CGEXT Concealed Bolt

## Concealed 450mm Extension Bolt

- Concealed and slim-line extension bolt which sits neatly inside profile section
- For use on large windows and doors where bolt length exceeds 450mm
- Use with BP85CG concealed bolts to create desired bolt length
- BP85C450EXT allows locking option for added security or can be used without locking feature, supplied with locking key and M4 fixing screws
- B85CG450EXT Grub Screw allows bolt to be locked in the closed position when using 2 or more extension bolts together. We recommended placing at foot of setup to give additional friction and strength, supplied with M4 fixing screws
- 2.5mm allen key required for BP85CG450EXT, order using ref B158-GRUB-KEY
- Available in Natural Brass, Chestnut Bronze and other finishes

**BP85CG450EXT**
